Do You Need Transportation for your Children from School to Hebrew School?

Dear Parents,

We understand that it is a juggle to find transportation for your children from school to Hebrew school. We want to help. The fee for this service will depend on the number of students who participate in the bus program. For example, the cost of transportation in 2010-2011 for nearly a full bus from Fort Garrison to Beth El was \$190 per child. Your prompt return of the registration materials is vitally important for the planning of 2011-2012. Please call Jill Eisen, 410-484-4543 with questions.
